

Servant Leader Scholarship Application

In 2003 Seton Hall University, with a grant from the Lilly Endowment, established the *Center for Vocation and Servant Leadership* to increase awareness that God calls each of us, and that each call is a call to service. At the same time, to further the University's mission of forming servant leaders, Seton Hall established scholarships to support students who are examples of leadership for the good of others.

Eligibility

Both graduate and undergraduate students in all disciplines are eligible to apply; students interested in Catholic Studies are encouraged to apply. Awards will be made on the following criteria:

1. For students entering Seton Hall University for the first-time (new freshmen, transfers and graduate students), academic achievement prior to entrance into Seton Hall University, such as cumulative GPA, standardized test scores (SAT I or ACT for undergraduates), class rank, strength of curriculum, college GPA (for transfers and graduate students), etc. For students currently enrolled at Seton Hall University, a cumulative grade point average (GPA) of 3.0 is required.
2. Financial need will be taken into consideration as demonstrated by the filing of a complete and accurate Free Application for Federal Student Aid (FAFSA).
3. Evidence of servant leadership as provided in the service/leadership resume (See essay question on application for more about what "servant leadership" means).
4. Statement of servant leadership as provided in an attached essay, based on the topic given.
5. Letter of recommendation from someone who can attest to evidence of your servant leadership.
6. Finalists may be invited to interview with the scholarship committee.

Recipients of the Servant Leader Scholarship are expected to participate in the *Servant Leader Scholars'* program, including regular meetings and on-going service. The schedule of meetings and service opportunities will be determined at the beginning of the fall semester.

Renewal of the awards is not guaranteed. Rather, eligibility will be based on program participation, maintenance of enrollment status as full-time (unless exceptions are granted by the scholarship committee) and a minimum 3.0 cumulative GPA. Amounts of scholarship may vary from one year to the next, based on the quality of the applications that year and the amount of funding available. Scholarship awards may be combined with other Seton Hall University scholarships and any grants or scholarships from the State of New Jersey, but may not exceed the cost of tuition and fees and are not applicable to other costs, such as room and board. Award amounts vary but average \$2,400.
