### Peer group comparison values

*all Carnegie refers to values calculated by NSSE across the set of universities defined by Carnegie as SHU peers (based on Carnegie's 2005 Basic categories) who chose to participate in NSSE in Spring 2012.
The list of NSSE 2012 participants in this category provided on request to SHU Office of Institutional Research.

**Select 6 schools:** Cath U, DePaul, Loyola Chicago, St John's, Syracuse, Villanova

### Quality of relationships between students & admin personnel/ofcs (8c)

- Quality of relationships between students & faculty members (8b)

- Quality of relationships between students & other students (8a)

- More than 15 hours/week studying or preparing (9a)

- Discussed ideas with others outside of class (11)

- Discussed ideas with faculty out of class (1p)

- More than 5 hours/week in co-curricular (9d)

### Brief guide to layout:
(Refer to separate Legend page for full description of SHU NSSE Dashboard cell layout)

- LAC Benchmark
- ACL Benchmark
- SFI* Benchmark
- EEE Benchmark
- SCE Benchmark

- More than 10 books assigned (3a)
- Made a class presentation (1b)
- Talked about career plans with fac/advisor (10)
- Used electronic medium to complete assignment (1L)
- Provides support to succeed academically

- More than 10 papers assigned under 5 pages (3e)
- Frequently ask questions in class (1a)
- Worked with faculty on activities (1s)
- Participated in community service (7b)
- Quality of relationships between students & faculty members

- More than 15 hours/week studying or preparing (9a)
- Discussed ideas w others outside of class (11)
- Discussed ideas with faculty out of class (1p)
- More than 5 hours/week in co-curricular (9d)
- Quality of relationships between students & other students

Peer group comparison values

- *Select 6 schools: Cath U, DePaul, Loyola Chicago, St John's, Syracuse, Villanova

* Recalculated scores - SFI benchmark omits one question rescaled in 2004. SFC value not used because Not Available for peers.

** Limited years - EEE benchmark reviewed over last 8 years because of rescaling in 2004 of several EEE questions.
### Brief guide to layout:
*(Refer to separate Legend page for full description of SHU NSSE Dashboard cell layout)*

**Left:** SHU history (upper = 12-year high, lower = 12-year low; shaded if SHU latest value is historical min or max)

**Middle:** SHU latest value (based on results of survey administered at SHU in Spring 2012)

**Right:** Peer group comparison values (value in same row as SHU = for all Carnegie institutions defined by Carnegie as SHU peers; value in row below = for "Select-6" a select set of 2012 participants)

---

**Peer group comparison values**

1. **All Carnegie** refers to values calculated by NSSE across the set of universities defined by Carnegie as SHU peers (based on Carnegie’s 2005 Basic categories) who chose to participate in NSSE in Spring 2012.

2. The list of NSSE 2012 participants in this category provided on request to SHU Office of Institutional Research.

3. **Select 6 schools:** Cath U, DePaul, Loyola Chicago, St John’s, Syracuse, Villanova

4. 6 institutions, among the self-selected set of universities participating in 2012, viewed as more similar to SHU (i.e. more similar than the Carnegie group used by NSSE, since the latter includes publics and also universities which may be quite dissimilar to SHU in terms of size academics or other key characteristics)

5. **Limited years:** SFI benchmark review is for last 9 years only due to 1 question rescaled in 2004. Recalculated SFC available (for SHU only).

6. **Limited years:** EEE benchmark review is for last 9 years only because of rescaling in 2004 of several EEE questions.
