Summer 2013 Financial Aid eligibility criteria

- Students may not receive loans if they are **ONLY** registered for an **intersession**. The length of the session is too short and therefore does **NOT** qualify to receive a disbursement of funds. You may combine an intersession with a summer session.
- Undergraduate students must enroll in a minimum of six (6) credit hours. Audited credit hours cannot be counted as eligible hours.
- Graduate students must enroll in a minimum of three (3) credit hours. Please **NOTE** that courses must be graduate credit courses. As a graduate student undergraduate courses will not meet degree requirements and cannot be included in meeting the minimum required hours. Audited credit hours cannot be counted as eligible hours.
- Failure to enroll in at least the minimum credit hours required will result in the cancellation of your financial aid.
- Students whose admit date is Fall 2013 that are permitted to take classes during the Summer 2013 term will not qualify for summer funding.
