**Instructions for undergraduate students:** Register on the web by Spring 2010 anticipated class according to your last name. Determine class level by adding total earned credits to Fall 2009 credits. For example: if you have 45 total credits completed (add up SHU earned credits, transfer credits, AP credits awarded) and you are taking 18 credits in Fall 2009, register as a junior ( $45 + 18 = 63$ ). Note: you can check your class status on the web: Login to Student Self-Service, click on Student **and Financial Aid**, then **Registration**, then select **Registration Status**.

**Web Registration:** In preregistering on the web, you **MUST** register during your designated time slot. These times apply to both day and evening students, including non-matriculated students. In all cases, web registration periods precede in person time slots.

**In Person Registration:** In person preregistration begins on Thursday, Nov. 12 for seniors. The right column in the grid above indicates the earliest time you may register if you chose to register in person. You may register in person at your assigned time or any time thereafter through November 24. In person registration requires that you bring your signed grid to the Registrar's Office in Bayley Hall during office hours: Monday through Friday 8:45 a.m. - 4:45 p.m.

Note: Students without permits must register in person for closed courses or courses for which they lack a prerequisite. Bring your signed grid sheet to the Registrar's Office during these designated in person times. Please register for all other courses on the web during your assigned web registration slot.
