#### Club Description/ Mission Statement:

The goal of the International Students Association (ISA) is to promote diversity within Seton Hall University and provide the Seton Hall University community with the opportunity for awareness and understanding of world cultures. The International Students Association encourages all individuals to learn from each other's culture and to learn at the same time from the culture of our host country, the United States, with respect to tradition, education, and democracy. The mission of the International Student Association is to (1) encourage and enhance interaction among international students at Seton Hall University, (2) enable their adjustment to the new environment, and (3) help resolve issues and concerns of international students, both in the university community and in broader sectors.
