EMPLOYER GUIDELINES FOR POSTING PART-TIME JOBS
The Career Center at Seton Hall University utilizes the Symplicity system to post internships, professional positions and part-time jobs. Part-time jobs can help with students’ college expenses; however, they do not satisfy the University’s criteria for internships (for information on our internship program, please call The Career Center at 973-761-9355 or email us at careers@shu.edu).

To help ensure the interests and promote the benefits of the partnership for all parties involved, Seton Hall University has developed these “Guidelines” outlining the mutual responsibilities between the University and your organization.

1. Part-time employers should provide accurate descriptions of duties outlining student responsibilities for part-time positions including:
   - Shifts needing coverage
   - Wages
   - Supervisor’s name and contact information

2. The Career Center expects that the Part-Time Job Employer will:
   - Provide a full disclosure of relevant information
   - Ensure a safe environment that provides supervision for the student(s)
   - Guarantee that the student is not left alone to maintain operations within the work environment
   - Provide feedback to students on their work performance
   - Follow non-discriminatory interviewing, hiring and employment practices
   - Make certain that alcohol will not be a part of the recruitment process or work environment

3. We do not accept positions that involve:
   - construction/home repair
   - child care/tutoring or other services within private residence
   - janitorial services
   - door-to-door solicitation

Seton Hall University’s Career Center reserves the right to deny an employer access to posting employment opportunities.

Please contact Gina Hernandez, Assistant Director, via email at gina.hernandez@shu.edu or by phone at 973.761.9355 regarding any issues and/or concerns.
