

Memorandum

To: Faculty Senate
Seton Hall University

From: Karen E. Boroff, Ph.D.
Interim Provost and Executive Vice President

Re: SGA Report on the University's Board of Regents
(2019-FS-25)

Date: January 21, 2020

The Office of the Provost is in receipt of the Senate's approval of the Resolution endorsing the report of the Student Government Association regarding student and faculty representation on the University's Board of Regents. This was passed at the October 11th Senate meeting. At that time, the SGA document was a draft that had not been approved by the SGA.

The Board of Trustees is entrusted with amending the By-Laws of the University, and therefore the Office of the Provost has no authority to approve changes to the Board of Regents membership. I have forwarded this resolution to the Seton Hall University Board Secretary.
