Re: Resolution about the Language on Diplomas
(2019-FS-28)

Date: January 21, 2020

The Office of the Provost is in receipt on the recommendation of the Faculty Senate Executive Committee regarding the language on the diplomas which was considered on November 8, 2019.

I agree with your proposed recommendation to continue to keep the diploma in Latin. I agree that should a majority of students ask for the change in the future, I shall reach out to the Senate and the Seton Hall Law governance body for input. Know that the translation from Latin to English of the diploma is on the University website, located at <https://www.shu.edu/registrar/english-translation-of-the-seton-hall-diploma.cfm>.
