Stadium Safe - MetLife Stadium Health & Safety Protocols

The safety and well-being of our guests and event staff is our top priority. MetLife Stadium has introduced new measures designed to ensure a safe and healthy guest experience based on guidance from the CDC and the State of New Jersey.

- MASKS ARE MANDATORY All guests 2 years of age or older are required to always wear a face mask, unless actively
 eating or drinking while seated in your ticketed seat. Face coverings should fully cover your mouth and nose and fit snugly
 against the sides of your face so there are no gaps. Neck gaiters, bandanas, and masks with ventilation valves are not
 permitted.
- **PHYSICAL DISTANCING** Seating will be in socially distanced pods in groups of 4. Graduates should not transfer any of their event tickets to anyone other than trusted acquaintances unless they are transferring all 4 tickets to a single party. Guests must sit in the seat designated on their ticket. Please remember to also practice physical distancing and stay 6 feet apart when moving throughout the Stadium. To assist with distancing, seating capacity in-bowl has been reduced and lines at gates, concession stands, merchandise store and restrooms will utilize floor markers to maintain proper distancing.
- **HEALTH PROMISE** By entering MetLife Stadium, you and your guests are confirming that you have not been exposed to COVID-19, you are not experiencing any COVID-19 related symptoms as identified by the CDC or have a temperature of 100.4°F or greater. Guests are **not** required to provide proof of a negative COVID-19 test or show a vaccination card for entry. If you feel ill or are experiencing COVID-19 related symptoms, please stay home.
- ENHANCED CLEANING & SANITIZATION Enhanced and frequent cleaning and disinfecting protocols have been implemented throughout the Stadium including the use of electrostatic sprayers and hospital-grade cleaning supplies. High-touch surfaces and high-traffic areas are continuously monitored and cleaned during and after the event. Hand sanitizer dispensers are widely available throughout the Stadium at entrances, concourses, and restrooms.
- **EVENT STAFF** MetLife Stadium event staff are required to complete a health questionnaire and temperature check upon arrival for work and wear appropriate PPE.
- ASSUMPTION OF RISK Notwithstanding our efforts, an inherent risk of exposure to COVID-19 exists in any public place where people are present; we cannot guarantee you will not be exposed during your visit. COVID-19 is an extremely contagious disease that can lead to severe illness and death. By visiting MetLife Stadium, you voluntarily assume all risks related to exposure to COVID-19.
