

## **Yeomin Yoon, Ph.D.**

### **Brief Biographical Information**

Dr. Yeomin Yoon is Professor of Finance & International Business at the Stillman School of Business of Seton Hall University. He teaches international finance at both undergraduate and graduate levels and business finance as well as global business at undergraduate levels. His research has been widely recognized, achieving some of the largest numbers of downloads from the Social Science Research Network. His commentaries on global financial and other issues are often published in major newspapers, including *Financial Times*, *China Daily*, *Korea Herald*, *The Star-Ledger*, and *The Record*. For eight years, Professor Yoon served as a Senior Special Fellow and Academic Advisor of the United Nations Institute for Training and Research for a program designed to train diplomats and other senior government officials of the member states of the U.N. on global economy and finance. Dr. Yoon has also served as a frequent panelist / guest speaker / discussion leader on global financial and economic issues for many groups, including the WNYE (Channel 25 in New York) TV programs on Asia, the 3/23 Group (J. P. Morgan group of financial and banking experts) in New York, and the Advanced Training Center of the State Grid Corporation of China (the largest electric utility company in the world). As Corporate Finance Advisor to a USAID (United States Agency for International Development) program, he taught corporate finance and international finance to economics faculty of eight universities in the former Yugoslavia. He had also served as a visiting professor at the Graduate School of International Studies, Seoul National University in Seoul and at the School of Banking and Finance, University of International Business and Economics in Beijing. Professor Yoon is a recipient of several grants as well as the university award for achievement in teaching as well as a *Bright Idea Research Award* from the New Jersey Policy Research Organization Foundation.
