Healthcare Experience Information

The health care experience can be a paid or volunteer experience. A variety of healthcare experiences are accepted and considered. Priority consideration is given to experiences where the applicant has direct patient care responsibility.

A minimum of 250 hours of patient care experience is required (25 of 250 hours should include shadowing a Physician Assistant). The healthcare experience hours must be satisfied for the application to be considered complete.

Examples of direct patient care experience include: nurse practitioner, licensed practical nurse, registered nurse, certified nurse aide, certified nursing assistant, physical therapist, respiratory therapist, occupational therapist, athletic trainer, paramedic, emergency medical technician, physical therapist/assistant/aide, phlebotomist, emergency room technician, surgical technician, certified medical home health aide, medical assistant, patient care assistant, registered pharmacist, registered dietitian in a clinical setting.

Other healthcare experience considerations: shadowing a physician assistant, medical doctor, or nurse practitioner; pharmacy technician, dental assistant, optometry/ophthalmology technician, Peace Corps volunteer, medical mission trip volunteer, and medical scribe, laboratory-based researcher, clinical research assistant, and healthcare professional student experience in a clinical setting are acceptable healthcare experiences.

Unacceptable healthcare experiences: coaching, camp counselor, science tutor, veterinarian, veterinary technician, babysitting, blood donor clinic staff, and secretarial/clerical medical office staff.
